

# WHY ZETA?

## ENHANCED USER EXPERIENCES

We take the time to think through each of our designs to create systems that are optimized for the user experience.

### Full In-House Controls

- Control System Design
- Panel Building
- Programming/Testing

### Standard Easily Removable Guarding

- Created with keyholes and/or slots to slide off easily
- Allows for guarding removal without removing fasteners

### In-House Powder Coat

- Saves time by avoiding third party painting
- More durable finish than most other paints

### Flexible Designs

- Mobile equipment
- Modularity & customization

### Standard Foot

- Stainless steel
- Rubber bottom to mitigate vibration and sliding on floor
- Easy anchoring & adjustment

### See Through Guarding

- See issues at quick glance before removing guarding
- Easier to see indicator lights

### Automatic Chain Tensioning

- Accommodates chain stretch
- With visual indicators

# WHY ZETA?

## KEY PARTNERSHIPS

We partner with companies that provide quality equipment and services to ensure our customers are getting the best systems

### FANUC

- Zeta is an exclusive robotics partner and Authorized System Integrator
- Largest inventory of robots
- Service First Commitment - 24/7 lifetime support on products

# FESTO

### Festo

- Pneumatics
- Electric Actuators
- Smart Valving I/O Systems

A logo consisting of a blue circular icon with a white dot in the center, followed by the word 'PULSEROLLER' in blue capital letters.

PULSEROLLER

### PULSEROLLER

- ConveyLinx Networked Drive Control
- Gives in-depth control of motor driven rollers and gear drives
- Zero pressure accumulation (ZPA) controller

A logo featuring a stylized grey icon of a hand pointing at a screen, followed by the word 'WEINTEK' in blue capital letters.

WEINTEK

### Weintek

- HMI (Human-Machine Interface) Technology
- User friendly, interactive screen
- Remote connectivity

A logo with a blue icon of three vertical bars of varying heights, followed by the word 'MELTRIC' in large blue capital letters and 'A COMPANY OF MARECHAL ELECTRIC' in smaller blue capital letters below it.

MELTRIC  
A COMPANY OF MARECHAL ELECTRIC

### MELTRIC

- Switch-Rated Plugs and Receptacles with Decontactor® Technology
- Maximum Safety
- Increased Efficiency
